

**Administration on Aging  
and  
Centers for Medicare & Medicaid Services**

**Aging and Disability Resource Center Grant Program**

**Organization Name:** Massachusetts Executive Office of Elder Affairs

**Project Title:** The Northeast Massachusetts Aging and Disability Resource Collaborative

**Total Project Period:** 9/30/2003 – 9/29/2006

**Total Award Amount:** \$750,000

**Project Contact:** Pat Rivard, (617) 222-7468

**Project's Overall Design:**

Massachusetts' Aging and Disability Resource Collaborative will be established in the Northeast Region of the state. In the first year, a uniform intake process will be developed and utilized by a team of intake workers from community partners who will provide comprehensive and coordinated information, referral and case management. Community service partners will be cross-trained to ensure timely and appropriate transfer of information and resources. In years two and three, the Collaborative will expand to the rest of the Northeast region and will target hard-to-serve or underserved populations. Medicaid enrollment staff will be co-located at the Resource Center by year 3. A toll-free telephone number, interactive website of intake, referral and evaluation will provide the foundation for the Collaborative's functions. The uniform screening and assessment tool and process developed under a Real Choice Systems Change grant will be launched through the Collaborative.

**Target Population:**

- Year One – Persons 60 and older and individuals with disabilities of all types
- Year Two & Three – Persons 60 and older and individuals with disabilities of all types
- A special focus will be on hard-to-serve and underserved populations

**Anticipated Outcomes:**

- A visible, trusted and accessible entry point into long-term care for consumers, including those from diverse populations.
- Increased community communication and collaboration in the delivery of home and community-based services.
- Coordinated provision of long-term care services through an integrated case management function.
